

ConvergeOne a Platinum Sponsor of Interactive Intelligence 2015 Conference

INTERACTIONS 2015 to Feature ConvergeOne and New Interactive Intelligence Cloud Offer

EAGAN, Minn., June 2, 2015 /PRNewswire/ -- [ConvergeOne](#), a leading nationwide provider in the design, implementation, and management of state-of-the-art data and communications solutions, will be a Platinum sponsor of INTERACTIONS 2015, the annual partner and user conference of Interactive Intelligence Group, Inc. The conference will be held June 8-11 at the JW Marriott in Indianapolis, IN, and will feature ConvergeOne at Booth 101.

"ConvergeOne is proud to be a sponsor of INTERACTIONS 2015," said Owen B. Robinson, Senior Director and Interactive Intelligence Practice Leader at [NACR](#), a ConvergeOne company. "Interactive Intelligence's innovative cloud and premise platforms, united with our nationally recognized capabilities in delivery, support, managed services, private cloud, and custom application development, are a powerful solution for the modern marketplace."

Interactive Intelligence is a global provider of software and services for communications, collaboration, and customer engagement. Its annual conference is designed to help global users and partners share the latest information on new releases, product upgrades, training, applications, and hardware.

ConvergeOne works closely with Interactive Intelligence and other technology leaders to integrate the latest hardware, software, and applications into end-to-end solutions for diverse markets. As an Interactive Intelligence Platinum Elite Partner, ConvergeOne and NACR provide sales, deployment, and support of Interactive Intelligence's cloud and on-premises solutions for contact center, unified communications (UC), and business process automation. Interactive Intelligence grants Platinum Elite status each year to resellers that meet the vendor's most stringent product certification, software sales and renewals, and customer satisfaction requirements.

INTERACTIONS 2015 will offer more than 160 technical and business-focused sessions, industry renowned speakers, and four tracks covering the complete Interactive Intelligence product line and specialized verticals. Expected to draw more than 2,000 attendees, the conference will feature the launch of the new Interactive Intelligence cloud offering, PureCloud.

The ConvergeOne family of companies offers end-to-end technology solutions including unified communications (UC), customer experience management (CEM), mobility, VoIP, converged networking, contact centers, and server/storage consolidation and management, as well as consultative, managed, and professional support. The companies include:

- [ConvergeOne Technology](#), a leading IT consulting and solutions provider offering comprehensive data center, strategy, and architecture services
- [ConvergeOne Program Management](#), a professional program and project management consulting firm supporting strategic business initiatives
- [ConvergeOne Advanced Services](#), a leading solutions provider and software developer specializing in CEM and business applications
- [ConvergeOne Collaboration](#), a Cisco partner specializing in UC and CEM solutions complemented by a full suite of services
- [NACR, A ConvergeOne Company](#), a global communications solutions and services provider delivering end-to-end technology, applications and services
- [ConvergeOne Capital](#), providing customers with flexible financing for any solution or service available in the ConvergeOne portfolio

For more details, customers can contact their ConvergeOne representative.
