

Integration Partners, a ConvergeOne Company, Recognized as a 2021 Partner of the Year by Juniper Networks

LEXINGTON, Mass., May 3, 2022 /PRNewswire/ -- Integration Partners, a ConvergeOne Company, a national IT services engineering firm, today announced that it was recognized as a Partner of the Year by [Juniper Networks](#), a leader in secure, AI-driven networks. Each year, Juniper Networks recognizes partners who have developed innovative solutions that drive new business, provided an exceptional customer experience, and overachieved financial goals.

Integration Partners, a ConvergeOne Company, was recognized in the category of 2021 Overall Partner of the Year for its ability to develop innovative data center and cloud-connected network solutions that integrate Juniper Networks technologies.

"We are honored to be recognized as one of Juniper Networks' leading partners in developing open, scalable solutions that drive greater productivity and competitiveness for our clients," said David Raftery, Vice President, Integration Partners, a ConvergeOne Company. "This award reflects our mutual dedication to a customer-focused partnership. We look forward to achieving our customers' goals with recognizable business outcomes."

The Partner of the Year Awards are part of the Juniper Partner Advantage Program (JPA). The program not only recognizes partners for their outstanding performance, but also focuses on partner development through specializations, certification, and Enterprise Plus and Deal Registration programs that aim to drive opportunity in the AI-driven enterprise.

"Integration Partners has gone above and beyond this past year, delivering very strong results to earn this recognition," said Gordon Mackintosh, VP, Global Channels and Virtual Sales at Juniper Networks. "Their customer-first approach paid dividends, and Juniper is excited to continue partnering with them to help customers build reliable, secure, AI-driven networks."
